

**Update on Rad Sites**

**Don Lininger to: Randy Schademann, Megan Brunkhorst**

**01/27/2009 10:10 AM**

I spoke with Randy Brown at KDHE this morning. Randy will be our POC for the 3 sites. He does want to be updated on site activities. He indicated that they did meet with the property owners to obtain access, but no discussions were made regarding cleanup or EPA involvement. He did not enter any of the buildings, but he said their rad program did go into the Standard Precision building ~ 5 years ago. He will check to see what report they generated, and send us a copy.

Thanks,
